

REACH: Declaration on the current status

All products placed on the market by the Büttenpapierfabrik Gmund GmbH & Co. KG are to be classified as "products" in the paper and cardboard group. Our paper products are accordingly not subject to registration under REACH Directive (EC) No. 1907/2006.

However, we are obliged to ensure that all raw materials and preparations used by us and procured from our suppliers comply with the requirements of the REACH process. Our suppliers have provided us with statements on registration and with comprehensive safety datasheets. We hereby confirm that all chemicals and preparations used by us have been registered by our suppliers.

With regard to the use of substances on the candidate list of SVHC (Substances of Very High Concern) in Annex XIV of the REACH Regulation, we can confirm that it can be determined with sufficient certainty that the paper grades distributed do not contain more than 0.1 mass percent of substances of concern as specified by the current candidate list. We will comply with our obligation to notify our customers in accordance with Article 33 if a raw material contains more than 0.1% by mass of SVHC substances.
