

PaperWise Statement REACH

REACH (EC 1907/2006) aims to improve the protection of human health and the environment through the better and earlier identification of the intrinsic properties of chemical substances. This is done by the four processes of REACH, namely the **Registration, Evaluation, Authorisation and Restriction of Chemicals**. REACH also aims to enhance innovation and competitiveness of the EU chemicals industry.

For further information please check the ECHA website (latest version)

PaperWise declares that:

- PaperWise products supplied to our customers do not contain any substances classified as dangerous according to the regulation (EC) No. 1272/2008 (CLP)
- PaperWise products supplied to our customers do not contain any substances said to Very High Concern (SVHC) in the appendix XIV of the REACH regulation

In this we trust all our partners / suppliers / manufacturers that they are responsible to ensure that products fabricated from material manufactured for PaperWise meet all relevant regulatory and legislative requirements, specifications and limitations in the intended application and keep us updated in case of change in the situation.

This statement is a guide based on the knowledge and experience of PaperWise and it does not constitute any warranty, expressed or implied.

This statement was drafted in February 2025 based on current available information.
